CLASS ACTION COMPLAINT

JURY TRIAL DEMANDED

Plaintiff, Princeton Display Technologies, Inc., individually and on behalf of a class of all those similarly situated, brings this action ("Complaint") for treble damages and injunctive relief under the antitrust laws of the United States. Plaintiff alleges as follows:

NATURE OF THE CASE

1. Plaintiff alleges a conspiracy to fix, raise, maintain and/or stabilize prices in the Cathode Ray Tubes ("CRTs") Industry, as defined below, sold in the United States and/or to allocate markets and customers for the sale of CRT products in the United States.

2. This action is brought on behalf of all individuals and entities which purchased CRT products in the United States directly from defendants, their predecessors or their controlled

subsidiaries from at least as early as November 28, 2003 to date (the “Class”). At all relevant times herein, defendants and their co-conspirators were involved in the manufacture, distribution, and/or sale of CRT Products. Defendants and their co-conspirators agreed, combined, and conspired with each other to fix, raise, maintain and/or stabilize the price of CRT Products and to allocate markets and/or customers in the United States. Because of defendants’ unlawful conduct, Plaintiff paid higher prices for CRT Products than it would have paid absent the conspiracy and, as a result, has been damaged.

JURISDICTION AND VENUE

3. This action is instituted under Sections 4 and 16 of the Clayton Act, 15 U.S.C. §§ 15 and 26, to obtain injunctive relief and to recover treble damages and the costs of this suit, including reasonable attorneys’ fees, against defendants for damages sustained by Plaintiff for violations of Section 1 of the Sherman Act, 15 U.S.C. § 1.

4. Jurisdiction is conferred upon this Court by 28 U.S.C. § 1337 and by Sections 4 and 16 of the Clayton Act, 15 U.S.C. § and 26.

5. Venue is laid in this district pursuant to Sections 4, 12 and 16 of the Clayton Act, 15 U.S.C. §§ 22 and 26 and 28 U.S.C. § 1391(b), (c) and (d). Venue is proper in this judicial district because during the relevant period one or more of the defendants resided, transacted business, was found, or had agents in this district.

6. The activities of the defendants and their co-conspirators, as described herein, were within the flow of, were intended to, and did have a substantial effect on the foreign and interstate commerce of the United States.

DEFINITIONS

7. As used herein, the term “CRT Products” means Cathode-ray Tubes (“CRTs”), and products using CRTs such as older style televisions and computer monitors.

AGENTS AND CO-CONSPIRATORS

23. The acts alleged in this Complaint to have been done by each defendant were authorized by their parent companies.

24. Various other persons, firms and corporations, not named as defendants in this Complaint, have participated as co-conspirators and performed acts and made statements in furtherance of the conspiracy.

CLASS ACTION ALLEGATIONS

24. Plaintiff brings this action under Rule 23(a) and (b)(3) of the Federal Rules of Civil Procedure on behalf of the following class:

All persons (excluding governmental entities, defendants, their co-conspirators and the present and former parents, predecessors, subsidiaries and affiliates of the foregoing) which purchased CRT Products in the United States directly from any of the defendants, or any present or former parent, subsidiary or affiliate thereof, at any time during the period from at least November 28, 2003 to date.

25. Plaintiff alleges that there are hundreds of Class members, the exact number and their identities being unknown to Plaintiff.

26. The Class is so numerous that joinder of all members is impracticable.

27. There are questions of law or fact common to the Class, including but not limited to:

(1) Whether defendants and their co-conspirators engaged in a combination and conspiracy to fix, raise, maintain or stabilize prices of CRT Products sold in the United States;

(2) Whether defendants and their co-conspirators engaged in a combination and conspiracy to allocate their major customers, accounts or territories; and

(3) Whether the conduct of defendants and their co-conspirators had an impact and caused damages to all members of the Class.

28. Plaintiff's claims are typical of the claims of all Class members, and Plaintiff will fairly and adequately protect the interests of the members of the Class. Plaintiff is represented by counsel who are competent and experienced in the prosecution of antitrust and class action litigation.

29. The prosecution of separate actions by individual members of the Class would create a risk of inconsistent or varying adjudications, establishing incompatible standards of conduct for defendants.

30. Defendants have acted, and refused to act, on grounds generally applicable to the Class, thereby making appropriate final injunctive relief with respect to the Class as a whole.

31. The questions of law or fact common to the members of the Class predominate over any questions affecting only individual member including legal and factual issues relating to liability and damages.

32. A class action is superior to other available methods for the fair and efficient adjudication of this controversy. The Class is readily definable and is one for which records of the names and addresses of the Class should exist in the files of defendants. Prosecution as a class action will eliminate the possibility of repetitious litigation. Treatment as a class action will permit a large number of similarly situated persons to adjudicate their common claims in a single forum simultaneously, efficiently and without duplication of effort and expense that numerous individual actions would engender. Class treatment will also permit the adjudication

of relatively small claims by many class members who otherwise could not afford to litigate an antitrust claim such as is asserted in this Complaint. This class action presents no difficulties of management that would preclude its maintenance as a class action.

INTERSTATE TRADE AND COMMERCE

33. The activities of defendants and their co-conspirators were within the flow of, and substantially affected, interstate commerce.

34. During the time period covered by this Complaint, defendants and their co-conspirators sold and distributed CRT Products throughout the United States.

35. Defendants and their co-conspirators, and each of them, have used instrumentalities of interstate commerce to manufacture, sell, distribute and market CRT Products.

36. Defendants and their co-conspirators manufactured, sold and shipped substantial quantities of CRT Products in a continuous and uninterrupted flow of interstate commerce to customers located in states other than the states in which defendants produced CRT Products.

THE CRT PRODUCTS MARKET

37. The market for the manufacture and sale of CRT Products is conducive to the type of collusive activity alleged here. That market is oligopolistic in nature.

38. The market for the manufacture and sale of CRT Products is subject to high manufacturing and technological barriers to entry.

39. The CRT Products industry has experienced consolidation and a decrease in sales and demand during the Class Period.

40. Defendants sell their CRT Products through various channels including to manufacturers of electronic products and devices, and to resellers of CRT Products.

DEFENDANTS' ILLEGAL CONDUCT

41. Defendants and their co-conspirators have engaged in a contract, combination, or conspiracy, the effect of which was to raise the prices at which they sold CRT Products to artificially inflated levels from at least November 28, 2003 to date.

42. Very recently, antitrust enforcement authorities in multiple jurisdictions have begun investigating this unlawful cartel, including in Asia, Europe and the United States.

43. In late November 2007, Dutch Royal Philips Electronics NV, Europe's largest maker of consumer electronics, admitted that it was being investigated by officials in several jurisdictions for violating competition laws in the cathode-ray tube industry. The announcement came on the heels of European Commission and Japanese antitrust authorities searches of facilities as part of a probe. "As one of the companies that was active in the CRT business, Philips is subject to these ongoing investigations," the Dutch company said, according to an emailed statement. Philips joins its former venture LP Displays and Samsung SDI Co., the world's two largest makers of glass tube displays among companies being investigated. The Dutch Company transferred its cathode-ray tube business to a venture with Seoul-based LG Electronics Inc. in 2001. The venture said in March that Philips and LG will lose control over the company and that the shares will be owned by financial institutions and private equity firms. Philips also said that the investigation was in a "very early" stage and that it could not predict the outcome. It also said that intends to cooperate with regulatory authorities.

44. Earlier in November 2007, Matsushita Electric Industrial Co. and Samsung SDI Co. said that they also were cooperating with antitrust authorities.

45. Japan's Federal Trade Commission is investigating suspicions of price-fixing in the Japanese, South Korean and Taiwanese markets, according to published reports. The Japanese regulatory body has not issued a public statement on the investigation.

46. The reports from Japan came only a day after EC officials carried out unannounced raids on CRT manufacturers on November 8, 2007, acting on suspicion that the companies were violating European competition laws. "The commission has reason to believe that the companies concerned may have violated EC Treaty rules on cartels and restrictive business practices," the regulatory bureau said at the time. The commission did not say which companies were raided. It said it had conducted the raids in cooperation with competition authorities in the individual nations where the raids were conducted.

47. Defendants, through their officers, directors and employees, effectuated the aforesaid contract, combination, or conspiracy between themselves and their co-conspirators by, among other things:

- a. participating in meetings and conversations, including through various trade associations and committees, to discuss the prices and allocation of markets of CRT Products;
- b. agreeing, during those meetings and conversations, to charge prices at specified levels and otherwise to increase and maintain prices of CRT Products sold in the United States;
- c. issuing price announcements and quotations in accordance with the agreements reached; and
- d. selling CRT Products to various customers in the United States at noncompetitive prices.

FRAUDULENT CONCEALMENT

48. Throughout the relevant period, defendants and their co-conspirators affirmatively and fraudulently concealed their unlawful conduct from Plaintiff.

49. Plaintiff did not discover, and could not have discovered through the exercise of reasonable diligence, that defendants and their co-conspirators were violating the antitrust laws as alleged herein until shortly before this litigation was commenced. Nor could Plaintiff have discovered the violations earlier than that time because defendants and their co-conspirators conducted their conspiracy in secret, concealed the nature of their unlawful conduct and acts in furtherance thereof, attempted to confine information concerning the combination and conspiracy to high-level officials and fraudulently concealed their activities through various other means and methods designed to avoid detection.

50. Only in or about November 2007, when news services announced that antitrust investigators were probing allegations of price-fixing in CRT Products was the existence of the conspiracy disclosed to the public. Plaintiff could not have discovered the unlawful conduct at an earlier date through the exercise of reasonable diligence because of defendants' and their co-conspirator's active and purposeful concealment of their unlawful activities.

51. Defendants and their co-conspirators engaged in an illegal price-fixing conspiracy with respect to CRT Products, which they affirmatively concealed, in at least the following respects:

- (1) By meeting secretly to discuss the prices of CRT Products sold in the U.S. and elsewhere;

(2) By agreeing among themselves at meetings and in communications not to discuss publicly, or otherwise reveal, the nature and substance of the acts and communications in furtherance of their illegal scheme; and

(3) By giving false and pretextual reasons for the pricing of CRT Products sold by them during the class period and by describing such pricing falsely as being the result of competitive factors rather than collusion.

52. As a result of defendants' and their co-conspirators' fraudulent concealment of their conspiracy, Plaintiff asserts the tolling of any applicable statute of limitations.

VIOLATIONS ALLEGED

First Claim for Relief **(Violation of Section 1 of the Sherman Act)**

53. Plaintiff incorporates and realleges, as though fully set forth herein, each and every allegation set forth in the preceding paragraphs of this Complaint.

54. Beginning at a time presently unknown to Plaintiff, but at least as early as November 28, 2003 to date, the exact dates being unknown to Plaintiff, defendants and their co-conspirators entered into a continuing agreement, understanding, and conspiracy in restraint of trade to artificially raise, fix, maintain, and/or stabilize prices for CRT Products in the United States, in violation of Section 1 of the Sherman Act (15 U.S.C. § 1).

55. In formulating and carrying out the alleged agreement, understanding, and conspiracy, the defendants and their co-conspirators did those things that they combined and conspired to do, including but not limited to the acts, practices, and course of conduct set forth above, and the following, among others:

- a. To fix, raise, maintain and stabilize the price of CRT Products;
- b. To allocate markets and customers for CRT Products among themselves;

- c. To allocate among themselves and collusively reduce the production of CRT Products.

EFFECTS

56. The combination and conspiracy alleged herein has had the following effects, among others:

- a. Price competition in the sale of CRT Products has been restrained, suppressed, and/or eliminated in the United States;
- b. Prices for CRT Products sold by defendants and their co-conspirators have been fixed, raised, maintained and stabilized at artificially high, non-competitive levels throughout the United States; and
- c. Those who purchased CRT Products directly from defendants and their co-conspirators have been deprived of the benefits of free and open competition.

57. Plaintiff has been injured and will continue to be injured in its business and property by paying more for CRT Products purchased directly from the defendants and their co-conspirators than it would have paid and will pay in the absence of the combination and conspiracy.

58. Plaintiff and the class are entitled to an injunction against defendants, preventing and restraining the violations alleged herein.

PRAYER FOR RELIEF

WHEREFORE, Plaintiff prays as follows:

- (1) That the Court determine that this action may be maintained as a class action under Rule 23 of the Federal Rules of Civil Procedure.

(2) That the Court adjudge and decree that the contract, combination or conspiracy, and the acts done in furtherance thereof by defendants and their co-conspirators, be adjudged to have been a violation of Section 1 of the Sherman Act, 15 U.S.C. § 1;

(3) That judgment be entered against defendants, jointly and severally;

(4) That judgment so entered be trebled in accordance with antitrust laws;

(5) That defendants, their affiliates, successors, transferees, assignees, and the officers, directors, partners, agents and employees thereof, and all other persons acting or claiming to act on their behalf, be permanently enjoined and restrained from continuing or maintaining the contract, combination or conspiracy alleged herein, or from engaging in any other contract, combination or conspiracy having a similar purpose or effect, and from adopting or following any practice, plan, program or device having a similar purpose or effect;

(6) That the Court award Plaintiff and the class attorneys' fees and costs, and pre-judgment and post-judgment interest as permitted by law; and

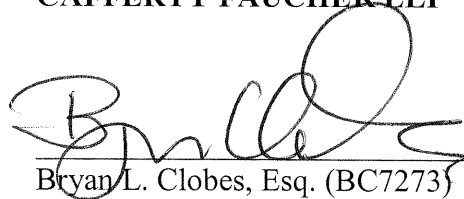

(7) That the Court award Plaintiff and the class such other, further and different relief as the case may require and the Court may deem just and proper under the circumstances.

DEMAND FOR TRIAL

Pursuant to Fed. R Civ. P. 38(b), Plaintiff demands a trial by jury of all of the claims asserted in this Complaint so triable.

ROYAL DATA SERVICES, INC. AND OK TV & APPLIANCES, LLC'S MOTION FOR

TO THE DISTRICT OF NEW JERSEY PURSUANT TO 28 U.S.C. § 1407**

Pursuant to 28 U.S.C. § 1407 and Rule 7.2 of the Rules of Procedure of the Judicial Panel on Multidistrict Litigation, Wettstein and Sons, Inc., d/b/a Wettstein's ("Wettstein's"), plaintiff in *Wettstein and Sons, Inc., d/b/a Wettstein's v. Chunghwa Picture Tubes, Ltd., et al.*, Case No. 07-CV-4889 (D. Minn.) (filed Dec. 18, 2007) ("Wettstein's"), submits this interested party response to: (1) Plaintiff Crago, Inc.'s motion for transfer and consolidation of related antitrust cases to the Northern District of California pursuant to 28 U.S.C. § 1407, (2) the New York

The Related Actions allege that the defendants conspired to fix, raise, maintain or stabilize the price of cathode-ray tubes (“CRTs”) and products containing CRTs (jointly, “CRT Products”). Accordingly, the actions subject to this transfer motion raise common issues of law and fact regarding a price-fixing conspiracy in the market for CRT Products. Transfer and consolidation or coordination of these actions, and any other subsequently-filed related cases, to the designated transferee district would serve the convenience of the parties and witnesses and promote the just and efficient prosecution of these actions.

As set forth below, the District of Minnesota is the most appropriate and convenient transferee district for several reasons: it has ample and experienced judicial resources, it has a superior MDL and general docket, its central location is an accessible and convenient forum for parties, witnesses and counsel, it is equipped with sophisticated state-of-the-art courtroom

technology, and no action has significantly progressed in any jurisdiction and no judge has gained any significant experience with any of the Related Actions.

II. ARGUMENT

A. **Transfer of these actions for coordination and consolidation to the District of Minnesota will further the goals of § 1407.**

Section 1407(a) authorizes the transfer of civil actions in different federal district courts involving common questions of fact to a single federal district court for coordinated or consolidated pretrial proceedings. The purpose of such transfers is to serve the convenience of the parties and witnesses and to promote just and efficient litigation. 28 U.S.C. § 1407. Section 1407(a) provides in relevant part:

When civil actions involving one or more common questions of fact are pending in different districts, such actions may be transferred to any district for coordinated or consolidated pretrial proceedings. Such transfers shall be made by the Judicial Panel on Multidistrict Litigation authorized by this Section upon its determination that transfers for such proceedings will be for the convenience of parties and witnesses and will promote the just and efficient conduct of such actions.

All of the CRT actions involve several common questions of law and fact including: (1) whether the defendants in the actions conspired to fix, raise, maintain, or stabilize the price of CRT Products; (2) whether the defendants' conduct violated Section 1 of the Sherman Act, 15 U.S.C. §1; (3) whether the defendants' conduct caused the prices of CRT Products to be set at artificially high, non-competitive levels; and (4) whether the defendants' conduct caused injury to the business or property of plaintiffs. Because of the many common questions of fact and law, consolidation would result in significant savings and efficiencies by avoiding repetitive discovery and motion practice, as, well as potentially inconsistent pretrial rulings.

As a general rule, common questions are presumed "when two or more complaints assert comparable allegations against identical defendants based on similar transactions and events." *In*

re Air West, Inc. Securities Litig., 506 F. Supp. 609, 611 (J.P.M.L. 1974); *see also In re Cuisinart Food Processor Antitrust Litig.*, 506 F.Supp. 651, 654-55 (J.P.M.L. 1981). The actions proposed for transfer and coordination or consolidation allege essentially the same unlawful, price-fixing conspiracy by essentially the same defendants during the same period of time based on the same underlying facts. The Related Actions are therefore appropriate for a § 1407 transfer.

Discovery with respect to the Related Actions will involve the same oral testimony and documentary evidence relating to the same alleged conspiracy. Accordingly, the coordination or consolidation of these Related Actions would avoid duplicative, redundant and costly discovery proceedings, including repetitive motion practice and potentially conflicting discovery and other pretrial rulings. *See in re Amino Acid Lysine Antitrust Litig.*, 910 F.Supp. 696, 698 (J.P.M.L. 1995); *see also In re Multi-Piece Rim Prod. Liab. Litig.*, 464 F.Supp. 969, 974 (J.P.M.L. 1978).

B. Transfer to the Honorable Michael J. Davis in the District of Minnesota is the appropriate transferee forum and will ensure the just and efficient adjudication of these actions.

If the panel finds that transfer for purposes of consolidation or coordination is appropriate, then the following factors are relevant in selecting the appropriate transferee forum:

1. The Honorable Michael J. Davis of the District of Minnesota is well suited to manage this multidistrict litigation.

A significant factor favoring transfer to the District of Minnesota is the fact that *Wettstein* has already been assigned to Judge Davis, a highly respected, able and experienced jurist, skilled in presiding over complex multidistrict litigation. In his nearly 14 years on the bench, Judge Davis has experience with such complex multidistrict litigation. In fact, Judge Davis has ably presided over *In re: Baycol Product Liability Litigation* (MDL No. 1431). In 1999, Judge Davis was appointed to a prestigious seven-year term on the Foreign Intelligence Surveillance Court.

In this case, Judge Davis has the expertise, experience and resources to manage this litigation in a just and efficient manner.

2. The District of Minnesota has ample judicial resources to handle this multidistrict litigation.

In addition to Judge Davis, the District of Minnesota has ample judicial resources to effectively and efficiently handle this multidistrict litigation. Judges within the District have handled numerous multidistrict litigation cases (“MDLs”), including, among others, *In re Monosodium Glutamate Antitrust Litigation* (MDL No. 1328), *In re Airline Ticket Commission Antitrust Litigation* (MDL No. 1058), *In re: Mirapex Products Liability Litigation* (MDL No. 1836), *In re: Medtronic, Inc. Implantable Defibrillator Product Liability Litigation* (MDL No. 1726), *In re Viagra Products Liability Litigation* (MDL No. 1724), *In re: Guidant Corp. Implantable Defibrillators Products Liability Litigation* (MDL No. 1708), *In re: Baycol Product Liability Litigation* (MDL No. 1431), and *In re: St. Jude Medical, Inc. Silzone Heart Valves Products Liability Litigation* (MDL No. 1396).

The District of Minnesota’s current MDL workload is significantly lower than the District of New Jersey, the Northern District of California and the Southern District of New York. According to the Judicial Panel on Multidistrict Litigation, the District of Minnesota has seven pending MDL dockets, while the Northern District of California has 18, the District of New Jersey has 20, and the Southern District of New York has 38. *Pending MDL Dockets by District*, http://www.jpml.uscourts.gov/MDL_Information/PendingMDL-November-07.pdf.

With regard to the overall workload of the Districts, Minnesota has the least number of pending cases. According to Federal Court Management Statistics, the most recent data shows that the District of Minnesota had 5,787 pending cases, while the District of New Jersey had 6,855, the Northern District of California had 8,157 and the Southern District of New York had

20,047. Additionally, the District of Minnesota's pending caseload is declining year-to-year while the caseload of the District of New Jersey is stable, and the caseloads of both the Northern District of California and the Southern District of New York are increasing year-to-year. See *U.S. District Court – Judicial Caseload Profile*, <http://www.uscourts.gov/cgi-bin/cmsd2006.pl>.

The District of Minnesota and Judge Davis clearly have the capability, experience and resources to handle the pending CRT actions. As this panel noted when transferring the *Baycol* litigation to Judge Davis:

In concluding that the District of Minnesota is the appropriate forum for this docket, we note that centralization in this district permits the Panel to effect the Section 1407 assignment to a major metropolitan court that i) is centrally located, ii) is not currently overtaxed with other multidistrict dockets, and iii) possesses the necessary resources, facilities, and technology to sure-handedly devote the substantial time and effort to pretrial matters that this complex docket is likely to require.

In re: Baycol Products Liability Litigation, 2001 WL 34134820, *2 (Jud. Pan. Mult. Lit. 2001).

For the foregoing reasons, the District of Minnesota is a more appropriate district for transfer and consolidation of the related CRT actions than the Northern District of California, the Southern District of New York or the District of New Jersey.

3. Location and convenience of parties and witnesses.

An important factor in selecting the transferee court is the location and convenience of the parties and witnesses. *In re Continental Corp. Sec. Litig.*, 130 F.R.D. 475, 476 (J.P.M.L. 1990); *In re Cuisinart Food Processor Antitrust Litig.*, 506 F.Supp. 651, 654-55 (J.P.M.L. 1981). Of the four districts at issue, Minnesota is the most convenient. If the Related Actions were transferred to and consolidated in the Northern District of California, the Southern District of New York or the District of New Jersey, parties from at least one of those districts would be required to travel coast-to-coast, a nearly 3,000 mile, six-hour flight, each way. Conversely, the District of Minnesota's central location significantly reduces travel times. Direct flights to and

from the District of Minnesota are approximately two-and-a-half to three hours from the Southern District of New York and the District of New Jersey, depending on the direction of travel, and three-and-a-half to four hours from the Northern District of California. Flights to Minnesota from the other district in which a CRT action has been filed—the District of South Carolina—are less than two hours long.

Further, the District of Minnesota is served by the Minneapolis-St. Paul International Airport, a large, modern international airport with frequent direct flights to areas around the United States, including major cities in all of the other districts in which CRT actions have been filed. Flights to and from the foreign locations where many Defendants are based are also easily available from the District of Minnesota, including direct flights and flights to a major Netherlands hub of Northwest Airlines, where one of the defendants is based.

In fact, as this panel noted when transferring the *Guidant* litigation to Minnesota:

Given the varied locations of parties and witnesses in this docket and the geographic dispersal of pending actions, it is clear that a wide array of suitable transferee districts presents itself. In concluding that the District of Minnesota is an appropriate forum for this docket, we observe that this district . . . is a geographically central, metropolitan district equipped with the resources that this complex . . . litigation is likely to require.

In re: Guidant Corp. Implantable Defibrillators Products Liability Litigation, 398 F. Supp. 2d 1371, 1372 (Jud. Pan. Mult. Lit. 2005). For the foregoing reasons, the District of Minnesota is a more appropriate district than the Northern District of California, the Southern District of New York or the District of New Jersey.

4. Sophisticated, state-of-the-art courtroom technology.

Courthouses in the District of Minnesota are equipped with some of the country's finest, sophisticated, state-of-the art courtroom technology. Courtroom features include a 10-inch touch panel control and 15-inch flat panel monitor for the judge, as well as two 15-inch monitors on the

lower bench. Attorney tables are outfitted with 15-inch flat panel monitors. The jury is given four 15-inch flat panel monitors in one courtroom and two 20-inch monitors in another.

Witnesses are provided an annotation monitor. Technological tools available for evidence presentation include a 5-inch touch panel control, an annotation monitor, a digital document camera, computer inputs and audio/visual components, including wireless microphones and pink noise to mask bench conferences.

In a case such as this, where technical details of CRT Products may be at issue, technology such as that described above is an important tool to understanding important facts. For these reasons, the District of Minnesota is an appropriate district for the transfer and consolidation of the Related Actions.

5. Existence and relative progress of other pending litigation.

Other factors to be considered include the existence and progress of any related pending litigation, including whether any judge has become particularly familiar with the claims at issue. Here, the Related Actions have all been filed within weeks of each other. Consequently, no action has significantly progressed, and no judge has gained any significant experience with any of the Related Actions.

//

//

//

//

//

//

//

III. CONCLUSION

For the foregoing reasons, Plaintiff Wettstein's respectfully submits that transfer of all CRT Products actions to a single district court pursuant to 28 U.S.C. § 1407 is warranted and the District of Minnesota is the most appropriate transferee court for consolidated or coordinated proceedings.

Re: *Princeton Display Technologies, Inc. v. Chunghwa Picture Tubes, Ltd., et al.*
Case No. 07-cv-5713 (SRC) (MAS)

Dear Judge Shipp:

We represent, along with Weil Gotshal & Manges LLP and Dewey & LeBoeuf LLP, defendant Panasonic Corporation of North America ("PNA") and write to request an extension of time to answer, move or otherwise respond to Plaintiff's complaint. PNA respectfully requests that the Court "So Order" the enclosed stipulation, to which counsel for Plaintiff has consented, extending the deadline until the earliest of the following dates: (1) 45 days after the filing of a Consolidated Amended Complaint in the CRT Cases (as defined below); or (2) 45 days after Plaintiff provides written notice to PNA that Plaintiff does not intend to file a Consolidated Amended Complaint, provided however, that in the event that PNA should agree to

an earlier response date in any CRT case, PNA will respond to the Complaint in this action on that earlier date.¹

On or about November 29, 2007, Plaintiff commenced this action alleging antitrust violations by manufacturers, distributors, and sellers of Cathode-Ray Tubes and products containing Cathode-Ray Tubes (collectively, "CRT products").² This is one of more than twenty complaints that have been filed to date in federal district courts throughout the United States by plaintiffs purporting to bring class actions on behalf of direct and indirect purchasers alleging antitrust violations by manufacturers, distributors, and sellers of CRT products (collectively, "the CRT Cases"). There is currently pending before the Judicial Panel on Multidistrict Litigation a motion to transfer the CRT cases for coordinated and consolidated pretrial proceedings pursuant to 28 U.S.C. § 1407. Responses to the motion have been filed. Further, Plaintiff anticipates the possibility of Consolidated Amended Complaints in the CRT Cases.

Accordingly, Plaintiff and PNA have executed the enclosed Stipulation based upon their belief that an orderly schedule for any response to the pleadings in the CRT Cases would be more efficient for the parties and for the Court. This is especially so where, as here, not all defendants have been served and, as noted above, this action may be transferred and/or

¹ The Hon. Madeline Cox Arleo, U.S.M.J., has "So Ordered" similar stipulations in two other CRT cases, *Royal Data Services, Inc. v. Samsung Electronics Co., Ltd., et al.*, Case No. 2:08-cv-00039 (JAG)(MCA), and *OK TV & Appliances, LLC v. Samsung Electronics Co., Ltd., et al.*, Case No. 2:08-cv-00086 (JAG)(MCA).

² Service of process was made on January 17, 2008. The time to respond to the Complaint is currently February 6, 2008, and no prior request for an extension has been made.

coordinated and consolidated for pretrial proceedings based upon the pending motion before the Judicial Panel on Multidistrict Litigation.

PNA therefore respectfully requests that this Court "So Order" the enclosed Stipulation to extend the time to answer, move or otherwise respond to the Complaint and that, as set forth in paragraph 3 of the Stipulation, the extension will be applied to all named defendants who notify Plaintiff in writing of their intention to join this Stipulation.

CONDITIONAL TRANSFER ORDER (CTO-1)

RICHARD W. WIEKING
CLERK, U.S. DISTRICT COURT
NORTHERN DISTRICT OF CALIFORNIA

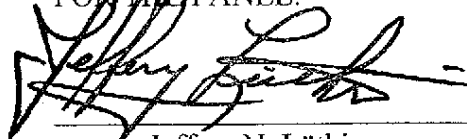

On February 15, 2008, the Panel transferred one civil action to the United States District Court for the Northern District of California for coordinated or consolidated pretrial proceedings pursuant to 28 U.S.C. § 1407. *See* ___ F.Supp.2d ___ (J.P.M.L. 2008). With the consent of that court, all such actions have been assigned to the Honorable Samuel Conti.

It appears that the actions on this conditional transfer order involve questions of fact that are common to the action previously transferred to the Northern District of California and assigned to Judge Conti.

Pursuant to Rule 7.4 of the Rules of Procedure of the Judicial Panel on Multidistrict Litigation, 199 F.R.D. 425, 435-36 (2001), these actions are transferred under 28 U.S.C. § 1407 to the Northern District of California for the reasons stated in the order of February 15, 2008, and, with the consent of that court, assigned to the Honorable Samuel Conti.

This order does not become effective until it is filed in the Office of the Clerk of the United States District Court for the Northern District of California. The transmittal of this order to said Clerk shall be stayed 15 days from the entry thereof. If any party files a notice of opposition with the Clerk of the Panel within this 15-day period, the stay will be continued until further order of the Panel.

FOR THE PANEL:

Jeffery N. Lüthi
Clerk of the Panel

Inasmuch as no objection is
pending at this time, the
stay is lifted.
